**Our Line up of Products and Services
Fascinating – Unique – Environmentally Sound**

BigToys – www.bigtoys.com

When it comes to being environmentally sound...
We are the industry leader.

- Recycled materials – 100% free of PVC
- 98% post consumer plastic
- 78% reclaimed steel
- Products for ages 6 mos-23mos, 2-5 and 5-12
- MA State Contract - Environmentally Preferred

Rocks n Ropes – www.upcparks.com

- This is THE NATURAL PLAY system for ages 2-5 and ages 5-12.
- These are the real deal – solid – durable – and with the attaching ropes
- Let us show you the superiority of these Rocks.

Elephant Play/ClimbiNet – www.climbnet.com

- Most Climbing Net Companies feature a nylon core rope with surrounding steel strands – ClimbiNet is exclusively built with a steel core
- Pure Climbing; Encourages Active Play; Teamwork; Imaginative Play; Eye/Hand Coordination.
- The safety track record is incredible – lets us show you how we are a step above the rest

Elephant Play/ClimbiNet – www.elephantplay.com

- How cool are these!
- Approved by IPEMA and ASTM for Public Playground use.
- Note the attaching points to the side supports of the swing; that's what sets them aside
- The bouncing rubber pad surrounded by a net – these are different!

Bike Racks – wwwspokesmanbikerack.com

- Regular bike racks are boring – and you know how bikes tend to lean and fall...not anymore!
- This is the coolest- & most creative bike rack around, that supports two bicycles
- Surface mount installation – available in any color (as long as it's black, lol)

Related Products and Services

- EDUCATION & TRAINING – “lunch n learns” for our LA’s
 - Topics include Playgrounds and the ADA; Safety Regulation; Surfacing & Play
 - Contact us for Outlines that describe these educational-based seminars
- INSTALLATION
 - Professional OUTRIGHT installation as well as VOLUNTEER-ASSISTED installation to bring your project to closure – Factory-Trained/Certified Installers (CPSI – Inspections)
- SAFETY SURFACING
 - **SofSurfaces:** Precast Tiles; featuring a 10 year Performance Guarantee – or liquid rubber pour-in place with a 5 year warranty - the absolute longest in the industry
 - **Zeager Surfacing:** The original Engineered Wood Fiber supplier; Synthetic Turf with shock pads UNDER the turf (no nasty loose fill granules) exceeds all safety and accessibility requirements
 - **Dynacushion Tiles** – you can forget about ruts under swings, slides and spinners
- SHADE
 - UV protection is a must – we can shade your entire play area or just a small sandbox
